530
completed orders on the 3-app Surf marketplace, 47 active sellers

370+
total installs of Pomy, my solo-built Chrome and Edge extension

184
screens designed across 63 flows, with a design system

20+
designers mentored in building with AI coding tools

PROFILE

Product Designer and Design Engineer with 5+ years designing marketplaces, regulated e-commerce and internal tools, and shipping production front-end code since 2025. I design in Figma, build the working version with **Claude Code and OpenAI Codex**, and keep the product decisions, design direction and final QA myself.

EXPERIENCE

Aug 2025 – Present
Sheltons Malta
Full-time · Malta

IT Product Manager & Lead Designer

International tax and accounting firm

- Sole designer and product lead for client-facing tools, internal tools, the website and sales tooling. Own discovery, UX, build and release QA.
- Redesigned the Grants pages and lead journeys. Monthly website visits rose from about 980 to 1,640 over the period.
- Migrated 33 WordPress pages and 44 articles into a standalone block theme (26 templates, 17 patterns), implemented locally. Building **Sheltons Studio**, a visual editor for reusable layouts, responsive controls and design tokens In development
- Building a client and consultant document-collection portal for requests, evidence, versions and approvals in React/TypeScript and Microsoft Dataverse In development
- Built an offline DOCX translation app with glossary support Internal prototype
- Integrate Power Automate, Maximiser and Mailchimp workflows, including a shared WhatsApp team inbox.
- Built a Three.js/GSAP sales presentation with a no-code editor Working prototype

Sep 2026 – Present
SourceCode
Part-time · Founding team

Product Designer & Design Engineer

AI design and code studio · sourcecode.mt

- Designed and built the live sourcecode.mt website: responsive UI, motion, QA and deployments, with Gmail and Google Calendar integration for enquiry and booking workflows.
- Create reusable AI coding-agent skills and design-to-code workflows. Delivered client sites including anahatawithgeorge.com (live), with scroll storytelling and booking UX.

Jun 2026 – Present
Pomy
Own product · Public beta

Independent Product Designer & Design Engineer

Browser extension · getpomy.com

- Solo-designed, built and published a productivity browser extension on the Chrome Web Store and Microsoft Edge Add-ons: **370+ total installs**.
- Built task-linked focus sessions, session states and time review in plain JavaScript, CSS and browser extension APIs, with Microsoft To Do, Google Tasks and WorkflowMax integrations.

Feb 2024 – Mar 2026
Surf
Part-time · Malta

Product Owner & Product Designer

Marketplace venture · Founding team

- Owned product vision, roadmap and UX for a web marketplace, a seller app and a customer app. Launched to **47 active sellers and 530 completed orders**.
- Directed a three-person development team through 460 build hours. Designed 184 screens across 63 flows and established the design system.

May 2024 – Jun 2025
MMY Malta Ltd
Full-time · Malta

UI/UX Design Officer

420 Group (MamaMary) · Regulated e-commerce

- Helped set up the Malta business from a blank state to operations. Designed web and mobile journeys for a regulated e-commerce product and created the design system used by engineering.
- Supported the MVP launch and campaign assets, including a launch video that reached 14,300 views.

Jan 2023 – Mar 2024
Independent
Freelance · Remote

Product Designer

EU and UK startups and SMEs

- Delivered discovery, user flows, prototypes, responsive UI and design systems for multilingual, multi-currency products in regulated markets.

Mar 2021 – Dec 2022
420 Group SRL
Full-time · Rome, Italy

UI/UX Designer

MamaMary · E-commerce

- Reworked e-commerce navigation, product pages and checkout, guided by usability testing. Monthly revenue rose from about €24.6k to €36.8k over the following three months.
- Ran design-to-development QA through release.
